The dying and dead ash trees along the scenic walking trails around Bayfield are a source of concern for the volunteer Bayfield River Valley Trail Association (BRVTA) maintenance crews.

Trail Association President, Roger Lewington said, “Chainsaws can be a dangerous piece of equipment if not used properly with the right safety gear. We are using our equipment now,

LOBB STARTS PETITION IN OPPOSITION TO DECREASE IN TFSA

Recently, MP for Huron-Bruce, Ben Lobb called upon the Liberal Government to leave the Tax Free Savings Account (TFSA) limit at $10,000 annually to ensure fairness for seniors and working Canadians.

“In 2009, our Conservative Government introduced the TFSA as an effective way to save money - tax free,” said Lobb. “Research shows that almost half of the people who maximize their TFSA are seniors, so why is the Liberal Government so eager to decrease the contribution limit?”

On Dec. 7, Federal Finance Minister Bill Morneau confirmed that the contribution limit on the TFSA will drop back to $5,500 from $10,000 effective January 1, 2016. MP Ben Lobb is sponsoring a petition both online and in his constituency offices in an effort to stop the change in contribution limit.

The Department of Finance’s research shows that people of all ages and income levels max out their TFSA contribution limits – in fact the vast majority are low to middle income earners, with a large proportion being seniors. Currently, 71 per cent of people who maximize their TFSA are over the age of 55 and 59.4 per cent of max contributors make less than $60,000. Support for the TFSA is consistent across age groups, income levels and regions of Canada.

The Conservative Government introduced the TFSA program in 2009. It is a way for individuals who are 18 and older with a valid social insurance number to set money aside tax-free throughout their lifetime. TFSAs are an excellent retirement savings tool for seniors who can no longer take advantage of Registered Retirement Savings Plans (RRSPs), and also for young Canadians who need a tax-effective means of saving for their future.

RACCOON RABIES MAKES RETURN IN PROVINCE

After four confirmed raccoon rabies cases in Hamilton, the Huron County Health Unit (HCHU) reminds residents to protect themselves, their dogs and their cats against the fatal disease.

These are Ontario’s first raccoon rabies cases since 2005. In one of the Hamilton cases, two unvaccinated dogs came into contact with a rabid raccoon.

Rabies is a disease spread by the bite or scratch of an infected animal. It attacks the brain and spinal cord of warm-blooded animals, including humans. Once symptoms appear, rabies is almost always fatal.

“It’s important for both you and your pets to avoid contact with wild animals,” says Public Health Inspector Patrick Landry. “Keeping your cats and dogs on-leash and supervised keeps your pets from running into wild animals. Rabies vaccination is mandatory for cats and dogs three months of age and older, as well as mandatory for some classes of horses in Huron County.”

Owners can be fined if they do not vaccinate their animals.

A bat in Huron County tested positive for rabies in 2014. The animals most likely to transmit rabies in Huron County are bats, skunks, raccoons, and foxes. Landry reminds residents, however, that any mammal can transmit the disease if it carries the virus.

Rabies is entirely preventable. You can reduce your risk of rabies by: avoiding contact with unfamiliar domestic animals and all wild animals, especially when the animal is ill, acting

CHRISTMAS CHURCH SERVICES

The local Anglican congregations request the pleasure of your company at their upcoming Christmas services.

Trinity’s Lessons and Carols service will beheld at 9:15 a.m. on Dec. 20 while St. James’, Middleton, will hold a similar service at 11 a.m.

On Dec. 24, Trinity Anglican Church will host a Happy Birthday Jesus Party for area children and their families. It will be held in the parish hall starting at 4:30 p.m. After the party all are welcome to attend a Christmas Eve Family Service at 5 p.m. An additional Christmas Eve Service will be held at St. James’ Middleton at 7:30 p.m.

And then on Christmas Day all will be received to herald the birth of the Christ child with a quiet service at Trinity at 10:30 a.m.

CHRISTMAS BUREAU

Marlene Van Riesen, chair of the Clinton Branch of the Huron Children’s Christmas Bureau reports that they had another successful year thanks to the generosity of residents from Bayfield through to Blyth.

“On behalf of St. Paul’s Anglican Church in Clinton, I would like to thank all the volunteers that gave their time to this worthy cause. We couldn’t have run this without your support. Everyone have a Merry Christmas knowing that you have also given other families gifts for under their tree,” concluded Van Riesen.

SAVE MILK BAGS

Students at Huron Centennial School in Brucefield are taking part in the Homeless Connect initiative weaving sleeping mats for the homeless in Toronto using milk bags.

The group of 25 youths has to date made almost three-dozen mats but to keep the momentum going they need more clean, 4L milk bags. It takes 100 to 125 bags to make one mat and about three hours to complete one.

Currently there are drop off locations for these bags at the Nip N’ Tuck and the Bayfield Public Library and people are encouraged to save them from their recycling box and drop them off.

As the initiative grows the young people hope to make mats for homeless veterans and supply other agencies in cities like London with them as well.

strangely or is found dead; avoiding feeding unfamiliar domestic animals and all wild animals; not allowing pets to run loose outdoors; keeping your pet's rabies vaccination up-to-date.

If you or a family member is bitten or scratched by any animal, immediately wash the wound well with soap and water, and then contact your doctor. The incident must be reported to the Health Unit for investigation and assessment of the risk for rabies. Based on that assessment, post-exposure rabies prophylaxis may be recommended or the animal may be observed for signs of the disease.

If you see an animal, especially a raccoon, acting strangely, report it to your local Animal Control services or call the Ministry of Natural Resources and Forestry Rabies Hotline at 1-888-574-6656.

COMMUNITY OUT IN FORCE TO PLAY TURKEY BINGO

PHOTOS AND STORY BY MELODY FALCONER-POUNDER

An unusual occurrence happened at the Turkey Bingo on Dec. 7 when "N34" was called during a share-the-wealth game. Ten hands went up and ten "Bingos" were shouted. The crowd, including Sandi Green (at right), saw the humour in the situation. Everyone went home with $11 each.

The Bayfield Lions' Club's Annual Christmas Turkey Bingo is a tradition for many area residents. On Dec. 7, about 150 folks had their Bingo dabbers and plastic markers at the ready in anticipation of winning one of 15 turkeys or five share-the-wealth prizes at the event held at the Bayfield Community Centre.

And it proved to be a rather exciting evening with one unusual event occurring about mid-way through During a share-the-wealth round, the community centre began to buzz, the general indication that a "Bingo" was eminent. Well, when "N34" was called a Bingo was indeed eminent but for 10 players! Confusion ensued but the Lions' members rallied to determine that indeed they had 10 winners. The end result was the players went home with $11 each. Luckily, all seemed to accept the humor of the situation.

It is memorable moments like these that bring people out on a dark December night, albeit quite mild, to help the Bayfield Lions' Club raise some funds for their many community projects.

EMPTIES FOR ALZHEIMERS

Dianne Brandon, Carrie and Ava Sabourin would like to remind everyone preparing for holiday gatherings that their tradition of collecting empties for Alzheimer's Disease is continuing this year.

The trio will be participating in the Huron County 2015 Walk for Memories in May of 2016 and are now collecting donations for the cause.

It is, of course, hoped that everyone will celebrate responsibly this festive season and when doing so plan to donate the empty beer bottles and cans; wine and liquor bottles to their team, "For the Love of Elane and Doris". After living with Alzheimer's, Elane Brandon, Sabourin's grandmother died in April 2015 while Doris Schilbe, Dianne's mother died in August of 2014.

Empties of all sorts may be dropped off at Brandon's Hardware in Bayfield, or picked up anytime, just call Brandon's Hardware at 519 525-8884. Empties may also be dropped off at Bayfield Convenience in their names.

The sale of these items in the thrift store help to support the food bank as well as help others. Please call 519 236-4376 with questions.

CONSERVATIONIST OF THE YEAR

Ausable Bayfield Conservation Authority (ABCA) has announced that it will once again honor a person, business, farm, or organization doing positive work in the local watershed community with the Conservationist of the Year Award.

The conservation authority invites you to nominate eligible persons, farms, businesses, groups, or organizations for this award. The event organizers are to accept nominations until Jan. 29, 2016. Ausable Bayfield Conservation has presented the award since 1984.

Past winners of the Conservationist of the Year Award include rural landowners and residents, farms, service clubs, community organizations, companies, nature groups, and municipalities. Each award winner is a business, organization, or person residing

in the watershed or having done conservation work there.

“The list of past winners of this award is very impressive,” said Brian Horner, general manager and secretary-treasurer of ABCA. “There have also been many excellent nominees in addition to those people and groups who have been presented with the award.”

The success of work to protect water, soil, and living things is only possible because of the partnership with landowners, residents, community groups, businesses, and other partners, according to Horner.

“This is one of the ways we can say thank you for that vital work they do,” he said.

ABCA presents the award each year at the annual conservation awards evening in March. The Conservationist of the Year receives a framed limited-edition conservation print as a prize and the conservation authority also makes a donation towards a tree and plaque at a Commemorative Woods site maintained by the Ausable Bayfield Conservation Foundation.

The nomination form and award guidelines are available on the Ausable Bayfield Conservation website at abca.on.ca. Simply type in ‘award’ in the search box at the top of the home page and then press ‘Search’ to find the page.

Current Ausable Bayfield Conservation staff and directors are not eligible for the award.

STRUMMING THE SOUNDS OF THE SEASON

The newly founded 'Bayfield Ukulele Society’ (BUS) had their debut performance at the annual Christmas Carol Service hosted by St. Andrew’s United Church on the evening of Dec. 13. The fun-loving group was formed in September of this year and meets regularly at the Bayfield Public Library to practice strumming and singing. Its members are all beginner players and help each other out learning chords and experimenting with strumming techniques. These six members added the musical background to a number of Christmas carols at the Sunday night concert while BJ Talbot provided piano accompaniment. INVITATIONS ACCEPTED TO THE SNOWMAN PARTY

PHOTOS AND STORY BY MELODY FALCONER-POUNDER

A whole bunch of kids, along with their parents and grandparents, accepted an open invitation to a Snowman Party at the Bayfield Public Library on Dec. 12.

Friends of the Bayfield Library (FOBL) hosted the event that revolved around the children's story, "The Snowman" by Raymond Briggs. Craft time followed with the creation of an edible snowman and "Snowman Soup". The children could also decorate a bag to take these items home in.

Weylin Shanahan had a pleasant conversation with Santa when the jolly old elf visited the children that attended the Snowman Party at the library on Dec. 12.

Kyle Geddis, seven months, enjoyed interacting with other children as well as listening to the story at the Friends of the Bayfield Library Snowman Party held on Saturday.

The party ended with a visit from Santa Claus who was happy to take a break from overseeing production in his North Pole workshop.

Ava Rathwell was a multi-tasker during story time at the Snowman Party.

Friend of the Bayfield Library volunteer Judith Higgs was the story teller of the day.

Greyson Ross was a little more interested in eating the craft materials, while her mom, Erin, assisted in the making of a marshmallow snowman.

The meeting room at the Bayfield Public Library was positively overflowing with youngsters and their parents and grandparents during the craft session.

"The Snowman" by Raymond Briggs was the story selected for this year's festive party.

Judith and Bill Higgs got into the festive spirit of the party. Bill handed out little gifts to the youngsters as they departed.

Travis Saunders gave Santa a big hug.

Travis Saunders showed his grandmother, Ilse Gemeinhardt, his creations at The Snowman Party.

Nolan Geddis, 2.5 years, enjoyed spending time with Santa after finishing up the crafts offered as part of the Snowman Party.
